## BLACK book

with Zoe Walsh from **Outdoors on Parade**

### Favourite homewares store?

Other than Outdoors on Parade of course, my favourite homewares store would have to be Bauhaus (Level 1, 257 Rundle St, Adelaide 8215 0003). They have a great mix of homewares, artwork, fashion and jewellery.

### What do you love to shop for?

I love to shop for accent pieces for the home including lamps, cushions and a throw rug. I think it is the finishing touches of a room that bring the whole look together.

### Inspiring places to visit?

The places that most inspire me and I love to visit on a regular basis are Khai Liew (166 Magill Rd, Norwood 8362 1076) for their amazing furniture, the Art Gallery of South Australia (North Tce, Adelaide 8207 7000) and The Jam Factory (19 Morphett St, Adelaide 8410 0727) for contemporary craft and design.

### What is your best recent buy?

By far my best recent buy was honeymoon tickets to Bali! On top of this, a beautiful new addition to our home was a wedding gift from my siblings, which was a black and white Marimekko print for the wall.

### What is your decorating style?

I live by the beach so I really love that classic Ralph Lauren look, but ultimately my style is really unrestricted. At Outdoors on Parade we love colour and how it can bring a table setting, a living room or a kitchen to life.
