WITH LUCY BROOK

In recline
Kick back on Globe West's new Zulu Daybed, the perfect springtime addition to your favourite chill-out space. Made from solid teak and finished in a beautiful dusty grey hue, the daybed (ZS189) is at Globe West showrooms, ph: 1800 722 366, www.globewest.com.au

Well-formed idea
The Bandy collection by Melbourne-based design company Jardan features cute made-to-order stools and tables. The stools, inspired by the abstract silhouette of hand-crafted ceramics, will steal hearts, and are available in solid American oak or feature-grade Australian hardwood. Ph: 3257 0098, www.jardan.com.au

Bright eye
SunnyLIFE's new season collection is fresh and bright, with a colour palette inspired by fashion runways. Traditional nautical stripes and natural, textured fabrics and materials make decorating easy with new additions to the range including shaped candles, soft furnishings, glassware and a picnic collection. We love the new cushions (pictured, from \$34.95 each) and bamboo serving ware (from \$19.95). From David Jones stores, www.sunnylife.com.au

Walk-on role
Created to celebrate what lies beneath, Teresa Ceberek's Lichen Rug in Pamice (from \$3480) for Four Rugs makes a statement. The gentle, organic and fluid lines found on mushrooms inspired the design, which is made from 100 per cent New Zealand wool. www.four.com.au
