SIMON We'll do something around food on Father's Day. The kids cook breakfast in bed for me and then we'll head out for yum cha. We like to have picnics in the park and kick the ball around. I love cooking for the family - we're a real food-driven family!

SAM I love that Dad is clever. I'll buy him something from the school sale, maybe a tie, for Father's Day.

STELLA I love that Dad spoils us (sometimes!), is funny and makes a joke of everything. Sam and Dad like to spend time at the park kicking the ball around.
