LIKE TO GO GREEN? HAVE A LOOK AT THESE NEW SUSTAINABLE AND ECO-FRIENDLY IDEAS, COMPILED BY FELICITY ANDREWS.

Relax

The Croissant Easy Armchair, \$1290, by designer Kenneth Cobonpue is made of hundreds of handwoven coconut-leaf cores. These are individually tied with abaca rope and tied down by translucent nylon wires over a hand-sculpted frame of light steel. We love the natural beauty, especially as it's functional. www.kezu.com.au

Enjoy

SunnyLIFE's new collection of tabletop and serving products made from recyclable and renewable bamboo products brings the natural beauty of bamboo to your table and bathroom. www.sunnylife.com.au

Adorn

Bird Textiles, a Byron Bay-based business run on solar power, in 2004 became Australia's first climate-neutral company. Bird offers certified organic cotton and fabrics that have been hand-printed using water-based dyes. Products are made to order through Bird's online store at www.birdtextile.com or available from more than 70 stockists nationally. For details, call (02) 6680 8633.

Unwind

You need never miss a meeting again. Citizen has introduced Eco-Drive, \$299, a watch powered solely by light. Revolutionary in its design, Eco-Drive Technology transforms natural or artificial light into energy, powering the watch for a lifetime of use. For stockist details, call 1800 069 098.
